Description

1owner, 2 card keys, mot till 22/08/2027, This 2019 Tesla Model 3 Long Range offers a rare find with only one owner from new and a very low mileage of 23,392 miles. As an electric vehicle equipped with a four wheel drive drivetrain, this model combines efficiency with capable handling. The car is powered by a 78 kWh battery and includes air conditioning as a notable feature for passenger comfort. Its history of single ownership and limited use makes it a well maintained example of this popular electric saloon. The standout capability of this vehicle is its impressive range, which was 348 miles when new, allowing for significant travel between charges. Practicality is enhanced by flexible charging options, as the battery can be replenished at home in 12 hours using a standard 7kW charger. For longer journeys, the vehicle supports rapid public charging, capable of reaching an 80 percent
